PRESS RELEASE

DILOG Equipment AB signs framework agreement with Ringnes A/S – A part of the Carlsberg group

DILOG Equipment AB signs a framework agreement with Ringnes A/S in Norway. DILOG Equipment will deliver products from ReverseTap's product range including both beer dispensing machines (RT Twin model) and disposable cups.

Focus of the agreement is Ringnes high volume business area for festivals & events. The first deliveries in June and July 2017 included RT Twin dispensing machines and over 1 million cups, delivered for use at events and festivals in Ringnes A/S.

“Ringnes finds new technology very exciting and has carried out several successful events and festivals using this new equipment. Ringnes will test this dispensing solution further concurrent with their traditional dispensers.”

- Christian Birkeland,
Festival & event manager on trade, Ringnes A/S
